- English
- Hindi
- Marathi
- Konkani

EXPERIENCE

Data Science Intern: Next24Tech

- Analyzed large datasets to identify trends and support structured, data driven decision making.
- Optimized internal workflows, reducing processing time by 30%.

Volunteer: Rishmita Foundations NGO

- Project lead for a community e waste collection initiative in Mumbai, promoting responsible waste disposal and environmental awareness.
- Supported elderly welfare outreach programs, assisting with community care initiatives and access to basic medical support.

SKILLS

Leadership | Problem Solving | Teamwork | Decision-Making | Corporate Communication | Time Management | Adaptability

EDUCATION

Grade 10
2020
- **Parle Tilak Vidyalaya ICSE**
  (97.4)

Grade 12
2022
- **Sathaye College**
  (82.67)

B.Tech
AI & DS, 2026
- **Dwarkadas J Sanghvi College of Engineering**
  CGPA: 9.35

ACHIEVEMENTS

Hackathon
- **S4DS DATA-THON**
  - Led a team to design and develop a working RL model prototype under tight deadlines
  - Guided the team to the finalist stage among more than 500 participants.

AITA 2025
- **Best Intelligent System award: VidGyan**
  - Led the research team in developing and publishing a paper on LLMs, TTS, and image generation for automated educational video creation.
  - Received the Best Paper Award under the Intelligent Systems track.

PROJECTS

Developer
2024–2026
- **SkyCoach**
  - Engineered a live ATC transcription and context analysis pipeline using Whisper with LLM refinement, validating readbacks and adapting airport context.
  - Developed a real time voice and stress analyzer using FFT based audio features to flag rushed or degraded communication.
  - Created an adaptive ATC simulator with realistic radio effects, variable controller behavior, and interruption logic to replicate high workload cockpit scenarios.
